# 2022 Exhibitor & Supporter Prospectus

WACV 2022 is the premier international computer vision event comprising the main conference and several co-located workshops and tutorials, all in one place. With its high quality and low cost, it provides an exceptional value for students, academics and industry researchers to stay ahead.

**Whether you are showcasing new products and services or recruiting new talent, WACV 2022 is where the international computer vision community looks for what's coming next—providing an opportunity to highlight what your company has to offer and reach decision-makers with real buying power.**

The background of the right side of the slide is a tropical scene. It features silhouettes of palm trees against a light blue sky, with the lower portion showing the reflection of the trees and sky on the surface of water, creating a serene and scenic atmosphere.

## Why Become a Supporter?

With the combined benefits of in-person and virtual components, WACV provides numerous ways for sponsors to support the community while gaining exposure as well as other benefits which include:

- Connecting with international experts and influencers who can evaluate your products and influence their adoption.
- Reinforce your brand on a global stage.
- Meet conference participants from around the world—potential customers and collaborators—leading researchers from government, industry, and academia who specialize in computer vision and related engineering fields.
- Position your company as a leader in the computer vision space by showcasing your innovations to 600+ attendees.
- Creating opportunities to recruit top tech talent—build relationships with in-demand professionals.
- Ensuring continued exposure to thousands by being listed as a sponsoring company in the published proceedings, hosted on IEEE Xplore®.

**WACV attracts decision-makers looking for the next generation of products, solutions, networking, and advanced-industry perspectives. Put yourself in the position to meet them at WACV22!**
